Essay Topic: Taseko Mines “Creating Opportunities Scholarship”

At Taseko, we are driven to unlock the true value of copper for our employees and communities, our investors, and our ever complex and changing world. We recognize and deliver enduring opportunity.

The Creating Opportunities Scholarship was developed to provide students an opportunity to unlock true value in themselves, as well as to deliver opportunity to communities, people, and the environment.

The scholarship will be awarded to a graduating student entering post-secondary education in a trade program, engineering, environmental studies, or health sciences.

Provide a brief (300 word) explanation on why you have selected this career path, why it is important to you, and what unlocking true value means to you.
